### JFP article

- Figure 5: In the definition of `HeapAtom`, there should be no type parameters  $([\tau_1, \tau_2])$ .
- Figure 5: In the definition of  $[\psi]_k$ ,  $r$  should be  $\psi$ .

### ICFP paper and appendix

- Figure 2 in the paper & Section 2.1 in the appendix: In the definition of  $[\psi]_k$ ,  $r$  should be  $\psi$ .
- Figure 2 in the paper: The definition of `safe( $W$ )` should be removed because the predicate is not used anywhere.

Thanks to David Swasey for pointing these out.
